Notes

The 10 parochial units without property are indicated with "#" after the name of the parochial unit and "(np)" in the column showing the type of parochial unit (Parish, Provisional Parish, Recognised Church or Provisional Recognised Church).

In accordance with the formula in the Schedule to the *Parochial Cost Recoveries and Church Land Acquisition Levy Ordinance 2018*, the 10 parochial units without property are charged only 60% of the normal variable PCR percentage. The lower percentage approximates what the network costs would be after excluding - (i) the property insurance component of the ACPT's parish property and liability insurance program, and (ii) the ACPT's management fee.

In accordance with clause 4 of the *Property Receipts Levy Ordinance 2018*, parishes that receive property income that is subject to an ordinance applying some of that income for non-parishes purposes (indicated by a * next to their Levy amount) pay no Levy on that income subject to an ordinance, but pay a higher rate of Levy on their other property income that is subject to the Levy.
