

## South Sydney Regional Council Annual Report 2002

### Introduction

1. The Council met on 6 occasions in 2001 at Meriden School, Strathfield. The meal at the beginning of each meeting has been instrumental in building community between the members who come from 18 different parishes and represent the diversity of the region.

The Ven Trevor Edwards	Mrs Elisabeth Boyce

### Ministry Strategies

3. The Council has continued to pursue the priorities identified in its strategic plan. These priorities include ministry among youth and children (encouraging parishes to establish and maintain children's and youth work, and continuing to support evangelism among higher education students), cross-cultural ministry (especially raising awareness of our multicultural mission context) and supporting ministry initiatives in areas of population regrowth.

4. The Council is in the process of implementing fixed term partnership funding agreements which are either **seeding grants** (reducing grants in the context of an overall commitment for the ministry project to become self-supporting after a suitable period of time) or **saving grants** (designed to save or make viable again an existing ministry which is experiencing a short-term emergency). In addition **special grants** are for long-term work of a high priority where it is unrealistic to expect any parish to fund and which constitutes a significant opportunity for the gospel. The three university chaplaincy grants are prime examples.

5. The Council's focus of attention in 2001 included two church planting projects. As a result of suitable people being available decisions were taken to proceed with the Green Square and Pyrmont projects in 2002. This is the culmination of much prayerful planning.
