### Whereas -

A. The Mission Statement adopted by the Archbishop-in-Council is -

"Our mission is to glorify God through Jesus Christ by developing individuals and churches who are -

- observably God's people
- pastorally effective
- evangelistically enterprising
- genuinely caring
- dynamically Anglican

in order to participate in God's purpose of saving His world."

B. The Vision Statement adopted by the Archbishop-in-Council is in the 11th Schedule.

C. Clauses 6A and 9 of the Assessment Authorisation Ordinance 1975 require the Standing Committee to prepare certain estimates and to propose rates and rebates of assessments on parochial units.

D. The estimates, rates and rebates for the year ending 31 December 1996 are set out in the 1st to 9th Schedules to this Ordinance.

E. This Ordinance appropriates funds to meet strategic objectives, commitments and obligations. It does not reflect the total estimated income and expenditure of each recipient of an allocation.

F. The allocation Schedules in this Ordinance -

- (a) show the overall priorities by the order and total of each Schedule, the 3rd Schedule being the highest, although this does not mean that a programme in a Schedule is of greater value than a programme in another Schedule;
- (b) list the programmes by entity in alphabetic order; and
- (c) apply funds towards the fulfilment of the Mission and Vision Statements and focus on the strengthening of parish life.

G. It is inexpedient to carry out and observe the respective trusts which apply to the amounts held under the ordinances listed in the 2nd Schedule, to the extent (if at all) that those trusts are hereby varied.

Now the Synod of the Diocese of Sydney Ordains as follows -

### Citation

### Adoption of 1996 Synod Estimates

3. The estimates for 1996 in the 2nd to 10th Schedules under the heading "Grants ... 1996" are hereby adopted. The estimates for 1997 and 1998 in the 10th Schedule are shown by way of example.

### Directions for Payments etc

4. (1) By reason of circumstances which have arisen since the creation of the trusts that apply to the amounts held under the ordinances in the 2nd Schedule, it is inexpedient to carry out and observe those trusts to the extent (if at all) those trusts are hereby varied.

(2) The amounts from the ordinances in the 2nd Schedule must be applied towards the estimates in the 3rd to 10th Schedules.

#### Presentation and Exchange Ordinance

5. Clauses 8 and 15 of the Presentation and Exchange Ordinance 1988 apply to the assessments paid or payable under the 1st Schedule to this Ordinance.

#### Variation of Applications

(2) If an amount in the 3rd to 10th Schedules under the heading "Grants ... 1996" -

- (a) is not required for the purpose specified for that amount; or
- (b) cannot be applied (in the opinion of the Standing Committee) for that purpose;

<p>11th Schedule - Vision Statement (What we hope will be written about us in 2005.)</p>	<ul style="list-style-type: none"> <li>● <b>Anglicans have remained faithful to the Bible</b> Because of their faith in the Living God, Anglicans have become faithful and effective Christians in their homes, where they work and in the community generally. They have achieved this through dedication to sustained prayer and the impressive love which they display towards one another and those around them.</li> <li>● <b>Anglicans have been pastorally effective</b> The vital place of lay people in the Church has been recognised. Extensive training programmes are well attended allowing the gifts of lay persons and clergy to be developed and utilised. Education efforts in Anglican schools and its religious education programmes in government schools have increased and become more effective. Anglicans have been at the forefront in affirming Christian moral values in the community. They have emphasised family values and integrity.</li> <li>● <b>Fastest growing church in Sydney - doubling in 10 years</b> The regular attendance in Anglican churches has increased by over 100% over the last 10 years. Much of this growth has come from new areas, from young people and from people with a variety of ethnic backgrounds. Traditionally strong Anglican areas have been revitalised through rationalisation and consolidation.</li> <li>● <b>Anglicans have displayed the Spirit of Christ through genuinely caring for those in need</b> Anglicans have concentrated their Christian love and care by the provision of - <ul style="list-style-type: none"> <li>- crisis relief</li> <li>- spiritual and material assistance to the third world</li> <li>- spiritual and material assistance to the poor and disadvantaged, including the unemployed, the aged and youth in the Diocese</li> <li>- low-fee Christian schools</li> </ul> </li> <li>● <b>The best in Anglican tradition has been preserved during the last 10 years change programme within the Church</b> The Church has developed an even stronger and more visionary leadership which actively encourages clergy and laity and supports their initiatives. The number of suitable men and women offering for parish ministry and other full-time Christian service has doubled over the last 10 years. Moore College and Deaconess House have expanded to meet this demand. Anglican organisations have been rationalised and reorganised to better service the parishes. These organisations have recruited high quality/calibre Christian leadership and staff. The Church's support for missionary enterprise and its commitment to evangelical ministry beyond the Diocese has been expanded.</li> </ul>
